SECTION 4 — ANALYST COMMENTARY

Liquidity: The company maintains strong liquidity with a current ratio of 2.14, well above the industry benchmark of 1.5. Cash and equivalents of INR 85.60 Cr provide adequate buffer for short-term obligations.

Leverage: Debt-to-equity of 0.75 indicates conservative leverage. Interest coverage ratio of 4.82x confirms the company can comfortably service its debt obligations even under moderate stress scenarios.

Profitability: EBITDA margin of 20% and net margin of 11.7% reflect operational efficiency. ROE of 17.6% demonstrates effective utilization of shareholder capital, exceeding the sector average of 12%.

SECTION 5 — RECOMMENDATION

APPROVE — Recommended loan amount: Up to INR 50 Cr at 9.5% p.a.

Conditions: (1) Quarterly financial reporting covenant. (2) Debt-to-equity must not exceed 2.0x during loan tenure. (3) Annual audit by Big-4 firm required.
